INGENIUM-NSERC

STEAM:

HORIZON AWARDS

Letter of Support

Important: Please refer to the Ingenium-NSERC STEAM Horizon awards [Instructions for completing an application](#) before filling out this form.

NSERC strongly encourages the use of inclusive language (for example, “the applicant” or “they” instead of “he/she”). The report should be free from words or sentences that reflect prejudiced, stereotyped or discriminatory language of particular people or groups or their institution.

Use of inclusive language has been shown to decrease unconscious bias during the evaluation process. For more information, refer to the Canada Research Chairs guidelines for letter writers on [Limiting Unconscious Bias](#).
